

Dear HR Team,

I am writing to express my keen interest in the Front-End Engineer position. With over 4 years of experience in web development, I have honed my skills in crafting exceptional user experiences.

My previous role at PT. Renos Indonesia provided me with valuable experience in building e-commerce applications, specifically in redesigning and developing an application for buyers. I am confident in my abilities to deliver high-quality front-end solutions that align with your project goals.

My expertise in JavaScript, React, Next.js, Vue.js, Nuxt.js, Node.js, Express.js and PostgreSQL, combined with my strong problem-solving and responsive design skills, makes me a suitable candidate for your needs. I am adaptable, results-oriented, and thrive in fast-paced environments.

I am available to discuss your requirements in more detail and explore how my skills can contribute to your team's success. Thank you for considering my application.

Warm Regards,
